Rev. Charlton To Preach Here October 11-17

The "Preaching Mission" week will begin Monday night at the First Methodist Church in Hondo under the direction of the Rev. Frank D. Charlton, pastor of the First Methodist Church of Gonzales.

Rev. Charlton is a native of Virginia. He holds degrees from Washington and Lee University and Yale and has done graduate work at Emory University and the University of Chicago.

He joined the West Texas Conference in October, 1930 after spending the summer traveling in Europe. Since that time he has served pastorates at New Braunfels, Alamo Heights, Columbus, and Central Austin. He is now serving his fourth year at Gonzales.

The choir will provide special music for the meetings.

The Rev. Fred P. Bishop will preach Sunday on "Nothing or Everything" at the morning service and "The Cry of the Awakened Soul" at the evening service.

Better Service Given Devine

DEVINE—Residents of Devine and Natalia, and those living in the rural areas, will get better electric light service now that more large transformers have been installed in the Devine substation.

A new line is being built direct from the substation to the city water works, which will assure the water works better service in the event of lightning or wind storms.

Other improvements in Devine include the near completion of the sewer system. Mayor W. W. Bain says that connections are now being made at the houses.

The sewer system will serve about 75 percent of the town.

Highway Patrol Recovers Gilliam's Stolen Car

A Mercury club coupe belonging to Lacy Gilliam was stolen Wednesday about midnight as it was parked between the locker and the Oasis Cafe.

It was recovered about an hour and a half later near Castroville by officers of the Highway Patrol.

The man who was arrested had a soldier in the car with him, but the soldier claimed that he didn't know that the car had been stolen.

The Highway Patrol was notified when the car was missed, and they threw up a road block on the San Antonio-Hondo highway about five miles west of Castroville.

Trail Drivers Meet Oct. 14-16

The Old Trail Drivers of Texas will hold their 32nd annual convention in San Antonio Oct. 14-16, Dick de Bardelebene, president, has announced.

Gov. Beauford H. Jester will officially open the convention, and other prominent speakers will give addresses.

While many of the original trail drivers will be unable to attend, those remaining will be there, and their descendants, particularly the Daughters of the Trail Drivers, have arranged convenient, interesting, and comfortable entertainment for the reminiscences and gatherings, where the old days may be lived over again.

The convention will close with a mammoth chuck-wagon barbecue and dance at the Old Trail Drivers Hall, following the annual memorial services Saturday morning.

H. J. HERMES OUT OF HOSPITAL AFTER 7 WEEKS

H. J. Hermes, who lost two toes and suffered a crushed foot last August in a bulldozer accident, was released from the Medina Hospital Sunday.

Hermes, a county employee, was instructing a new man in the operation of the dozer engine when his foot was caught in one of the blades. The new employee didn't know how to turn the machinery off, and it was several minutes before another employee was able to

Give The Kids A 'Brake' Legion Conducts Safety Campaign

Give the kids a brake! That's what the Hondo American Legion asks drivers to do during their child safety campaign.

The campaign, which is being conducted this month in co-operation with the Texas Safety Association and the American Legion, is an effort to substantially decrease the number of traffic fatalities among children of school age.

With the beginning of school, and children again walking on the streets, motorists and school children are urged to remember certain pointers.

1. Motorists should give the kids a "brake" by using special caution in residential areas, zones, and wherever you see them.

2. Parents should see that children know the safest route to school, and that they know how to behave in traffic.

3. Older boys and girls should watch out for the smaller kids. As they follow your example, set a good one.

HONDO INSURANCE RATES LOWERED 17c

Hondo Insurance agents have been notified by the State Fire Insurance Department that the key rate on fire insurance for the city of Hondo has been lowered from 76 cents to 59 cents.

The decrease comes as a result of improvements in the city water system and the fire department.

THE WEATHER IN HONDO

A total of 5.37 inches of rain fell in Sept. bringing the yearly total to 26.47 inches.

The month's high was reported on Sept. 4 with 103 degrees, and the low was 53 on Sept. 27, 28 and 29.

Candidates Named For Oct. 30 Carnival

LACOSTE—Supt. Matt Bader has announced plans for an all-school carnival to be held Saturday, Oct. 30.

Candidates for queen will be announced by the different classes in the high school next week.

centers have been established in Devine and Castroville. The city clerk in Castroville and the chamber of commerce in Devine have volunteered their services to register the 18 years olds.

These are the only registration centers in the county, L. C. Howard, Medina County member of local board 48, says, and 18 year olds in other communities will have to register at those points.

A quota of seven men has been set for the first call on Oct. 13. These will be drawn from the three counties which are served by local board 48, and three Medina County boys will probably be needed to help fill the quota.

Howard said that Frank X. Vance of Hondo will be attorney for the men.

He also announced three doctors for the county. They are Dr. Walter Meyer for Hondo, Dr. G. S. Woods for Devine, and Dr. J. D. Williamson for Castroville.

The seven men will be Medina County's part of the 1,399 men to be called from Texas. As about 40 percent of all men called are turned down because of physical disabilities, that number is being asked to report in order that Texas can fill its quota of 670 inductees in November.

MEDINA BASEBALL FANS TO SEE WORLD SERIES

Frank Fluegge of Natalia, and Temple Adams and Warren Carter of Devine, left Saturday for Boston where they will attend the World Series games between the Boston Braves and Cleveland Indians.

Joining them was A. Hughes of Christine. They will visit in New York City and Brooklyn before going on to Boston.

COUNTY COURT JURY QUASHED ON MONDAY

One case was decided this week, and four cases last week, at the county court-at-law in which the defendants pleaded guilty. But about a dozen other cases were postponed to a later date.

The cases were postponed until the next regular session of the court on a motion by County Judge Arthur H. Rothe to quash. The motion to quash a jury discharges it because it was improperly drawn and not qualified to act.

The court will not meet again until January, 1949, unless called before that date into a special session.

L. R. Taylor was fined \$100 and costs on a charge of selling liquor in a wet area without a permit.

Trufan Von Hoogerswyn, Trufan Von Hoogerswyn Jr. and Eugene Von Hoogerswyn, each of whom was charged with aggravated assault, were fined \$25 and costs.

In the session on Oct. 4, Donald Pope, charged with unlawfully carrying a pistol, was fined \$100 and costs.

The jury and witnesses who were scheduled to meet at the October session were notified in advance not to appear.

The county court meets annually -- in January, April, July, and October. The last session was held last July 6.

La Coste School Consolidation To Be Contested

LA COSTE—Notice was given County Judge Charles W. Anderson of Bexar County Wednesday of the contest of the recent school district consolidation election.

Signing the notices were Joe H. Tondre, H. D. Squire, T. E. O'Brien, and Arnold J. Tschirhart.

The election, which would have consolidated the La Coste County line District and the Idlewild District, was carried unanimously at La Coste, but was defeated when district 29 voted 61 to 61 on it.

Two First Graders Break Arms Monday

DEVINE—Last Monday was an off day in at least two Medina County schools. Two first graders, James Evans and Billie Powell, will vouch for that.

James, son of Mr. and Mrs. Willie Evans of Devine, fell while playing on the school grounds and broke his arm.

He was taken to San Antonio for special treatment. Billie, a first grade pupil in the Shook School, broke both arms in his forearm when he fell. After first aid was administered, he was taken to Hondo where the bones were set, and the arm placed in a cast.

Substation Opens Early In November

A substation of the Texas Highway Patrol will be established in Hondo early in November, Sgt. Herbert McFarlang of the Patrol told the Anvil Herald Monday.

Two patrolmen will be stationed in Hondo and will make their home here. They will patrol the highway from San Antonio to D'Hanis, and from D'Hanis to Devine.

TWO MEN

Fred D. Hurst, now stationed in San Antonio, will be one of the two men. The other has not been designated as yet.

Sgt. McFarlang said that the new officers will not take over the duties of the officers who gives driving tests. Driving license tests will still be given only one day a week.

IN COURTHOUSE

The new substation offices will be located in the court house.

McFarlang will be remembered as the officer who addressed the Lions Club here early in September. At that time, he emphasized the need for traffic regulations as a safety precaution.

He pointed out that the Highway Patrol was always willing to give the minor offenders the benefit of the doubt, and that only the habitual traffic law violators and those committing serious offenses were prosecuted.

BETTER ENFORCEMENT

The new substation, besides giving Hondo and this vicinity a more thorough law enforcing unit, will be an added convenience to the Patrol. At the present time, officers must go back to San Antonio.

McFarlang said that the Highway Patrol, even though they have authority both in and out of the city limits, usually confine their work outside of the city. City law enforcement is generally left up to local officers.

OUT OF TOWN

While the Texas Highway Patrol has authority both in and out of the city, Sgt. MacFarlang explained, officers usually confine themselves to work outside of the city limits. Patrolling the city proper is generally left to local officers.

The new substation will enable the officers of the Highway Patrol to cover more territory in their work. At present they must return to San Antonio daily.

McFarlang will be remembered as the officer who addressed the Lions Club early in September. At that time, he emphasized that the Highway Patrol always gives the motorist a fair chance. He said that drivers committing minor offenses are just warned, and only the serious offenders are prosecuted.

MAYOR A. A. MURRELL CALLED TO BALTIMORE

CASTROVILLE—Mayor A.A. Murrell left early this week for Baltimore, Md. He was called there due to the serious illness of his mother.

Photo from Fredericksburg Radio Post

Fredericksburg has started to work on a new concrete, steel and brick fire station-city hall. The entire work is scheduled to be completed about Jan. 1.

Hondo is planning a fire station-city hall

building on the new property recently acquired across from the court house, but no definite plans have been made as to specifications and the date of construction.

Chick Chatter

BY CLARENCE H. MUMME

MUMME'S HATCHERY HONDO, TEXAS

HOW ARE YOUR BIRDS FEEDING?

Are the appetites of your laying hens up to par?

This is an important question because the way your layers feed has a direct relationship to the rate at which they produce eggs. Here is a significant bit of research from an Ohio State University poultry specialist that should tell you how important a good appetite is in a laying hen. A 5-pound hen will eat 65 pounds of feed each year just to maintain her body weight. For each 7 eggs she lays, she consumes only one additional pound of feed. In other words, a bird which produces 210 eggs a year eats only 20 pounds of feed more than a 70-egg-a-year producer.

EATS MORE, LAYS MORE

While the bird with the vigorous appetite may eat slightly more during the day than sluggish feeders, she is really a far more economical bird because she lays more eggs in ratio to the amount of feed she consumes.

A flock in 40 per cent

production consumes about 20 pounds of feed daily. A flock in 70 per cent production eats about 30 pounds of feed in the same time. But it takes less feed to get a case of eggs out of the 70 percenters.

Good feeding and good laying can be regulated by the flock owner. How he feeds and what he feeds can determine the profit or loss the flock will show.

Make a special effort to keep every part of your laying house sanitary. You yourself may be guilty of spreading disease when you enter the house with dirty boots or bring in contaminated feed sacks or crates. There are countless other ways for infection to enter the house so it's up to you to be on the watch every day.

Make sure there are no drafts in the building for they may weaken the birds' resistance to respiratory infections or possibly other diseases. At the same time, the ventilation should be good enough to ensure a supply of fresh air.

Mystery Show In
Devine Saturday

The Blaney-Walker Mystery Show is scheduled to arrive in Devine Oct. 9. Instead of featuring the usual single magician, Blaney and Walker have combined their talents to form a magic team—the only one of its kind in the world.

They work together in close coordination and good-natured rivalry. The amusing situation of two magicians being on the same show plus the quick wit and natural humor of the pair means a fast show with lots of laughs.

The Blaney-Walker Show is touring the Southwest for the first time and will be in Devine Oct. 9. They will appear in the High School Auditorium at 8 under the auspices of the Devine Current Events Club. Admission is 30 and 50 cents. Proceeds will benefit the Youth Center.

HAMMER MILL

• Fairbanks-Morse Hammer Mills grind grain or roughage fast, and with low power cost.

Because of their large breaker plates and large screen area, most of the grain is ground first time around.

Large-diameter cylinders give the necessary hammer-tip speed at only 2400 r. p. m. This permits using a larger pulley for greater efficiency.

One of three models will match your tractor perfectly, and combine lowest fuel consumption with greatest grinding capacity.

October 8, 1948

Hondo, Texas

To The Citizens of Medina County:

On October 1, I sold my interest in the Fly Drug
Company to my partner, Mr. O. A. Fly.

I wish to take this means of thanking the public
for their cooperation and business extended us.

We started this partnership in January, 1922
and for this quarter of a century we have labored
together in building a business of which we are proud.
Our business has shown a steady growth since its
beginning.

I will continue with the firm for the time
being and help with the operation of the business.

Billy Fly will receive his degree in Pharmacy
from the Texas State University in January, at which
time he will enter the employe of the firm as pharma-
cist.

I wish continued success for the firm and ask
that the public which we have enjoyed serving contin-
ue their cooperation and support.

Thanks to Everyone,

Elmer J. Leinweber

AMERICAN NEWSPAPERS

Are Fighting For Your Right To Have Government
HONESTLY, OPENLY and EFFICIENTLY CONDUCTED

IN YOUR BEST INTERESTS!

Here Are A Few Battles So Far In 1948!

SAN ANTONIO, TEX.—FEB.
San Antonio Bail Expose Wins Plaudits
SAN ANTONIO, Tex.—That an aggressive newspaper can bring about improved law enforcement by exposing official laxity or negligence and at the same time make it pay in increased reader interest is shown by the San Antonio Evening News' bail-bond expose.
Early in January, the News began publishing a series of articles, written by William L. Roper, former who is now a Times reporter of the News editorial staff, based on how the bail-bond industry had lost thousands of dollars in the punishment of numerous bail-bondsmen.
The articles, based on how the bail-bond industry had lost thousands of dollars in the punishment of numerous bail-bondsmen.
The articles, based on how the bail-bond industry had lost thousands of dollars in the punishment of numerous bail-bondsmen.

ST. LOUIS, MO.—JAN.
Reporter Buys Guns Easily from Sheriff
ST. LOUIS, Mo.—Following up a campaign against the administration of Sheriff John F. Dougherty, the St. Louis Times developed a story last week which played up two reporters, Mark Clutter and Beverly D. Braun, bought guns over the counter in the sheriff's office—with few questions asked.
The reporters also learned that the guns being sold had been confiscated by police in the case with which they were dealing. They pointed out the potential danger of such a sale.

LEBANON, PA.—MAR.
Wary Editor Traps Phony Talent Scout
LEBANON, Pa.—A curtain sales- man from Forest Hills, N. Y., arrested here on a charge of impersonating a Federal official after the Lebanon Daily became suspicious of his sales as a drama talent scout.

LANSING, MICH.—APRIL
Caucus Called When Newsmen Refuse to Go
LANSING, Mich.—Reporters covering the house of representatives here scored at least a moral victory for freedom of the press during the recent special session of the legislature.
The houseleadership called an unprecedented secret session to discuss a proposal for four year terms for governors. A motion to exclude the press and spectators, made by Rep. T. Jefferson Hoxie, of St. Louis, slipped a voice vote and spectators gathered back at the galleries.

RICHMOND, VA.—APRIL
Plan for Probe Of Richmond Papers Fizzles
RICHMOND, Va.—Virginia Commission has decided it is "powerless" to comply with the House of Delegates directive to investigate Richmond Newspapers, Inc. It reached this conclusion in a report sent to Governor Tuck and to clerks of House and Senate.
In brief, the commission contended that the jurisdiction of the commission was not developed by the House of Delegates.

MONTGOMERY, ALA.
Gov. Told Rep Take No
MONTGOMERY, Ala.—Gov. B. B. Battle told a group of reporters that they were not to report on a two-week after rep on an order on an order on an order.

WINSTON-SALEM, N. C.—JUNE
Baseball Scandal Bared by Remark
WINSTON-SALEM, N. C.—Sports Editor Frank Spenser of the Winston-Salem Journal was putting his sports page to bed on the night of May 14 when a baseball fan strolled into the office and said: "I think you ought to do something about that game tonight."
That statement started the ball rolling on what turned out to be one of the most sensational sports stories of many years in North Carolina.

HAZELTON, PA.—FEB.
Constable Arraigned For Slugging Lensman
QUICK legal action caught up a constable who was charged with slugging a West Hazleton, Pa. newspaper photographer while he was photographing an election.
The lensman is Carl Roman, a family who was assigned to the day of the winter up to that time.

NEWBURGH, N. Y.—APRIL
Newsmen Freed By Court Order
NEWBURGH, N. Y.—The fight of two newspapermen to permit here to hold in confidence information gained in the practice of their profession was up- held in a final order of the New York State Supreme Court, filed in the County court house.
The order dismisses Douglas V. Clarke and Charles I. Resnick, editors of the Newburgh Press.

LOUISVILLE, KY.—APRIL
25 Walkout When Council Fie
LOUISVILLE, Ky.—Twenty-five members of the Louisville City Council walked out when the council failed to pass a resolution to support the Louisville Post-Courier.

CHICAGO, ILL.—APRIL
Beaten Publisher in Critical Shape
CHICAGO, Ill.—The condition of William R. McCabe, publisher of the Joliet Spectator, remains critical. McCabe was set upon by three unknown persons near his farm home in Lockport, Ill., and severely beaten about the head and legs last week.
Although the attackers claimed robbery as their motive when they forced his car from the road, it is popularly believed this attack was the outgrowth of McCabe's long editorial feud with machine politics in Joliet.

ROANOKE, VA.—JUNE
Roanoke Reporters Protest Pool Seating
ROANOKE, Va.—Reporters of the Roanoke Times and Herald protested at a pool seating for a baseball game at the city stadium last night. They were unable to get into the seating area because of a refusal by the stadium manager to allow them to enter.

NASHVILLE, TENN.—MAY
Judge Frees Reporter, Then Adds Praise
NASHVILLE, Tenn.—Contempt charges were dismissed May 31 by a Tennessee circuit judge against Nat Caldwell, a reporter for the Nashville Tennessean, who refused to reveal the source of information in his exposure of County Judge Jesse L. R.

COLUMBUS, GA.—MAY
Klan Is Old Antagonist of Georgia Paper
COLUMBUS, Ga.—Conflict between the Ku Klux Klan and the new newspaper, the Columbus Enquirer, has been going back to the days when the Enquirer was a small paper. The Enquirer, which is now a large paper, has been a constant antagonist of the Klan since its inception.

PROVIDENCE, R. I.—FEB.

By Mrs. W. J. Hartmann

This community was shocked
and deeply grieved Friday, Oct. 1,
when the news went forth that
Mrs. Claude Sane, nee Lizzetta
Hardt, had died suddenly at her
home in Austin. Mrs. Sane was a
native of Medina County. Inter-
ment was made in the New Foun-
tain Cemetery. Funeral services
were conducted by Rev. Chas.
Hardt of San Antonio.

Mrs. Lane is survived by her
husband and son, her aged par-
ents, Mr. and Mrs. Willie Hardt,
one sister, Mrs. John Heickmann
of Hondo, two brothers, Adolph
of San Antonio and Herbert of
Hondo. One son preceeded her in
death.

Mr. and Mrs. Fritz Hartmann
visited with Mr. and Mrs. Louis
Gerdes Sunday afternoon.

Mrs. Katie Muennink visited in
the home of Mr. and Mrs. Willie
Hartmann Sunday.

Mr. and Mrs. Arnold Linde-
burg were supper guests of Mr.
and Mrs. Henry Buss Jr. Saturday
evening. Mr. and Mrs. Buss moved
into their new home last week.

Mrs. John Muennink Sr. spent
several days with her niece, Mrs.
Chas. Hartmann.

Both Cotulla and Owls Seek First Victory At 8

by L. C. Owen

The Hondo Owls will be out Friday to break a drought in both scoring and victories Friday night when the Cotulla Cowboys play here at Barry Field.

The Pearsall Mavericks are the latest to shut out the Owls, winning at home 20-0 last week.

The Hondo team outweighed its opponent by a scant two pounds overall, but the Mav backfield had 11 pound advantage.

Pat Stirling, left half for Pearsall, paced the Mav attack with his running and passing. A deceptive triple hand-off play baffled the Owl defense and worked well for yardage every time it was used.

Wilbur Bohmfalk was again the Owl workhorse, but was assisted by Wools, Alderete and Mueller. The Pearsall line continuously broke through to cut down the plays.

Early in the second quarter Bohmfalk's pass was intercepted, and on the next play Stirling went for 45 yards to the five before being downed. Edwards went through the center to score with Coronado converting.

In the final period, Stirling scooted 30 and 29 yards to score, and Coronado converted once.

Hondo took to the air in the closing minutes with Bohmfalk hitting three times out of ten attempts.

UVALDE PUPS DOWN HOOTS 27-19; HOOTLETS LOSE TO MIDGETS 20-0

The Hondo Hoots and Uvalde Pups gave their big brothers a lesson in offense last Thursday night as the Pups beat the Hoots 27-18 in a fast-moving game.

The Hootlets and Uvalde midglets, playing before the game and at the half, battled up and down the field before the large crowd with the Midglets winning 20-0.

The Hootlets took the opening kickoff with Alderete giving to Perez on a tricky handoff, and from the time on, it was strictly an offensive game.

The Pups got off to a 14-0 lead before the Hoots could unleash their attack. The first score came on a 55-yard sustained drive with Gibbons going over from the 2, then plunging for the point after. A few minutes later, Gibbons skirted end for 65 yards and converted.

The Hoots struck back after O.

Devine Hurdles First Obstacle In District Race

●HOT WELLS FALLS 13-7, S. SAN ANTONIO NEXT

DEVINE—The Warhorses took their fourth straight game, and their first conference tilt, by beating the Hot Wells Blue Devils 13-7 here last week.

Devine will continue its 31-A District schedule by meeting South San Antonio at home Friday night.

The first score was set up on a reverse play that sent Randy Schott around end 30 yards to the ten. From that point, Thomas Burgess rammed over center for the score. Sanchez' attempt at conversion was wide.

Hot Wells took the lead in the third after recovering a fumble on the 28. A few plays later, Seabright scored from the nine and the extra point was good.

Devine penetrated the 20 twice in an effort to regain the lead, and each time they failed. The second drive was stopped with a fumble on the Hot Wells eight. From that point, the Blue Devils attempted a kick, and heads up play by Schott, who blocked the punt, gave Devine the game. The ball rolled into the end zone and was covered by Wesley Robbins for the touchdown. Sanson converted.

SCORING:
Hot Wells 0 0 7 0—7
Devine 6 0 0 7—13

this season in practice and has not seen action.

By remaining out, Taylor may be able to see service on the Aggie baseball team, however. And he may be used as an extra point specialist in football.

(Above) Marvin Muennink, manager of the Yancey softball team, holds the Anvil Herald Trophy, presented to the winner of the Medina Softball League.

Left to right, back row, the players are: Harold Fasel, George Wilson, Bud Crain, Albert Wilson, and Robert Ward. Front row: Carl Fasel, Bill Mueller, Muennink, Willard Wilson, and LeRoy Fasel.

Yancey won the championship by beating the Jaycees (below) in the finals. Jaycee players are: Back row: Jimmy Rogers, Charles Tondre, Richard Schneider, Gip Chapman, and Jake Schuehle. Front row: Ward Chapman, Miles Weynand, Joy Tilley, and Theo Cagle.

Hondo Lions Meet Yancey Oct. 13 For Championship Girls Softball Teams Play First in Benefit

It will be champion against champion when the Hondo Lions, winners of the Highway 90 hardball league, and the Yancey team, winner of the Medina County Softball League, meet next Wednesday night at 7:30.

The game is being sponsored by the Hondo Lions Club with all proceeds going to charity. Tickets

will cost 50 cents and 25 cents.

Paul Bybee, chairman of the ticket committee, stated that since the proceeds were going to charity, citizens who could not attend the game might like to buy tickets or make donations anyway.

Nearly all the members of the Lions Club have tickets," he said, "or they can be bought at the Chamber of Commerce office."

A preliminary game, starting at 7:30, will match the Hondo Ladies against the Dunlay Girls softball team. It will be a 5 inning affair.

The Hondo-Yancey game, which will go 7 innings, will start after the completion of the first contest.

The Lions copped the Highway 90 championship, then defeated Camp Stanley, Flatonia, and San Marcos to advance to the finals of the Tournament of Champions against Cotulla.

Yancey won the softball championship, and the trophy awarded by the Anvil Herald, by beating the Jaycees two games out of three in the softball playoffs.

St. Louis Smacks Sacred Heart 19-0

CASTROVILLE—The St. Louis Comets inaugurated the new Lion's lighted athletic field here last week by trouncing the Sacred Heart team from Hallettsville 19-0.

Ronald Keller scored from the one yard line in the first on a quarterback sneak after the Comets had recovering an Indian fumble on the 20.

A third period score was also set up when the Indians fumbled on their own 18. Hard running by Kampf, Tschirhart and Hans put the ball on the 1 where Keller scored on a fourth down try.

A long pass from Keller to Billy Tschirhart in the closing minutes of play accounted for the final touchdown. Keller kicked the point to make the score 19-0 as the game ended a few plays later.

St. Louis will play Lytle there on Friday.

TEXAS A&I B TEAM PLAYS STJC SATURDAY

The Texas A&I team Pigs will play their first game of the season Saturday night against the Southwest Texas Junior College Cowboys. The game will be played in Uvalde.

Tennis Queen

Mrs. Margaret Osborne DuPont, court veteran from Wilmington, Del., holds the winner's trophy after defeating defending champ Louise Brough to capture the Women's National Tennis Championship at Forest Hills, N. Y. She won 4-6, 6-4 and 15-13 in the final round.

Carrizo Favored In District Race

Carrizo Springs, undefeated, untied and unscored upon in four games, will remain on top of the 32-A District heap for another week—if only because they have an open date. But the CS squad still appears to have the inside track for the district title.

When the Owls meet Cotulla this week, the cellar-dweller for the league may be decided. Both teams have failed to win a game, and the Cowboys have only scored one touchdown while allowing 110 points by their opponents. Hondo, for the record has allowed 34 points.

The only other undefeated, untied contender in district play, Eagle Pass, should have no trouble with the San Felipe team from Del Rio. Win or lose, the Wildcats will still be number two in conference play behind Carrizo.

Uvalde is assured of remaining number three for another week, also with an open date on their schedule.

Only other conference game on tap is the Crystal City-Pearsall contest. At stake will be fourth place in the standings. Pearsall, currently number four, has a 20-0 win over the Owls and at 31-0 set-back at the hands of Carrizo thus far. Crystal City has lost one and tied one.

Rounding out the schedule is a non-conference tilt between Del Rio and Sidney Lanier.

Current standings are:

LA COSTE—The Eagles, after an open date last week, will begin conference play Friday night at 8 against Sommerset.

To be at the game will be the pep squad with its new officers elected last week. Bonnie Heck is president; Alma Kriewald, vice-president; Evelyn Friesenhahn, secretary; Mary Ann Ahr, treasurer; and Franette Bryant, reporter.

D'HANIS COWBOYS ROPE CAMPWOOD WILDCATS 44-14

D'HANIS—Teamwork and reverses that clicked were responsible for the Cowboys 44-14 victory over the Camp Wood Wildcats here in a 6-man football game last Friday.

After being held to a 16-8 lead at the half, the Cowboys turned on the power in the last two periods to overwhelm the Camp Wood team.

Captain Matt Koch scored a touchdown and converted four of five placekicks, and passed to Leslie Ply for another. John Poerner scored two, and Bob Rothe made one.

La Pryor, which lost to Yancey, 24-6, will invade the Cowboy field this Friday.

YANCEY WINS EASILY OVER ASHERTON, 32-0

Washington Merry-Go-Round

Vacation Wonderland

GAITHERSBURG, MD.—Well, I had a swell vacation—at least until the pigs got loose.

Before the vacation started I had studied road maps and dreamed up all sorts of tours. I figured on going out to see my daughter in California, and my wife's aunt in New Mexico. I bothered Karl Dickel about the best way to reach his hideaway in Ontario, Canada, and corresponded with Sumner Welles about a trip up to Bar Harbor.

But in the end I decided that, with real fireworks likely to break out in Berlin this winter, I ought to take a look at things beforehand, so I got steamship reservations for Europe and went through the red tape of an American military government permit to visit Germany.

When the sailing date rolled around, however, I just didn't get on the ship. I just stayed right at home and enjoyed the Maryland countryside.

That's what I did during all of my vacation—just enjoyed my home and let General Clay worry about the Russians. Only time I left Maryland was to take two trips into the District of Columbia and one trip into the neighboring state of Delaware.

Staying right at home proved to be wonderful—that is, until the pigs got loose. Here are some of the things I did:

Filled the silo. My son-in-law, who used to be a diligent silo-filler when he was courting my daughter, was absent this time; and even my radio agent, Jackson Leichter, never known to do a stroke of work during the rest of the year, carefully sprained his ankle just before silo-filling time.

Went to Church. What with getting up at 6 a. m. Sundays to prepare a radio broadcast during most of the year, I don't get to church as often as I should. Especially enjoyed the sermon of Bishop John E. Hines of Austin, Tex., who preached at Bethany Beach, Del.

His Delaware neighbors tell about a car getting stuck in the mud outside the church and when several people brought planks to get it out, one man remarked: "If that board doesn't do it, I'll go inside and get the pulpit." . . . "Shhh," cautioned another, "That's the preacher over there." . . . "Yes," was the reply, "and I'm the bishop."

No More Corn

Decided not to plant any more corn. Having sat on the banks of the Potomac and watched thousands of tons of topsoil wash down from the cornfields of Maryland and Virginia, I finally decided to do my part by planting no more corn.

Despite strip-farming and contour-plowing, both of which we practice religiously, any cornfield, unless on level ground, is bound to wash away the most priceless gift nature gave us—our topsoil.

So, from now on, we are filling our silo with alfalfa. The farmers of Iowa, where the ground is flat, can supply the nation with corn.

Met a gradually disappearing species—the country doctor. Young Dr. Garrett Hume got out of the army and decided he wanted to help his fellow men by practicing where doctors were scarce. He hung out his shingle at Georgetown, Del., and has been answering calls on an 18-hour schedule ever since.

So, in an age when more doctors gravitate to the city and specialized medicine, here's hats off to the country doctors, like Garrett Hume, who stay out where distances are long, where fees are low and where people need them most.

Pigs Get Loose

Most of the above were enjoyed during the first part of my vacation—before the pigs got loose. I might note in passing something obvious to most lady readers—that this stay-at-home vacation didn't go down too well with Mrs. P. After all, when you've kept house, cooked and planned meals for a year, it's only natural to want to let a hotel manager worry over the food and the servant problem during your husband's vacation.

However, Mrs. P. was a good sport, and, among other things, enjoyed her garden, especially one plot of lawn she had worked hard to keep green and on which we sometimes played deck tennis.

This is the point where the pigs came in. It was, of course, my fault. I had seen them roaming around loose, and I had been warned by the lady who is much righter than I am that they might descend on the lawn. However, they were such nice little pigs, and they so obviously enjoyed their freedom, that I put off catching them for a day.

That day turned the tide of my vacation. That evening the pigs decided to play deck tennis. I don't know which of them won, but I know I lost. In 30 minutes that lawn—pride of Mrs. P.'s heart—looked like a plowed field.

'Flu' Can Be Dangerous, Dr. Cox Warns

The 414 cases of influenza reported in Texas last week bring the incidence of this disease up to forty percent more than the seven year median, as shown from the figures submitted by the 181 counties sending in reports to the State Health Department.

Influenza without complications may be a fairly mild ailment, according to Dr. Geo. W. Cox, State Health Officer, but, he pointed out, complications can turn this disease into a dangerous condition very quickly.

"Many cases of influenza are mild," Dr. Cox said. "Often they lend themselves to treatment readily. However, two important factors enter into the treatment of influenza, and they are, calling the family physician as soon as the first symptoms appear, and taking life very easy for a reasonable length of time after the acute stage has subsided."

Dr. Cox declared that influenza is not mass-controllable. He emphasized that maintaining the highest possible health level at all times affords an individual the best protection from contracting this disease.

"Getting plenty of sleep and rest, daily exercise in the open, nourishing foods, and strict personal hygiene are our best known defenses against influenza," Dr. Cox said. "This applies to all respiratory disease. A person who avoids all habits and practices detrimental to a maximum well-being and thus builds up a strong resistance to disease, is much less likely to contract influenza than is the individual who does not guard his health in this manner."

Medina Plants 3,500 A. Peanuts

Medina County farmers planted a total of almost 3,500 acres in peanuts during 1948. This includes 2,647 acres in spring acreage, and a fall crop of about 800 acres.

It has not determined as yet whether 1948 peanuts will be on an acreage quota.

During the war, between 6,000 and 7,000 acres of peanuts were planted in the county.

Peanut harvesting increased in the southwestern states this week as most sections reported weather conditions favorable for digging and field curing.

Picking went forward actively, too. Sales of farmers' stock peanuts moved on the basis of the government support price schedule. Current marketings averaged 69 to 70 per cent sound meats.

Farmers who have planted late peanuts are asked to report to the AAA office so that they can be measured.

Sheep, Goat Men Gather Oct. 15

Texas A & M College will be host to the directors and other members of the Texas Sheep and Goat Raisers' Association and their wives at College Station Oct. 15 and 16. This is the third quarterly meeting of the Association and all sheep and goat raisers, whether directors or not, are invited, according to Clayton Puckett, Ft. Stockton, Association President.

Mr. Puckett suggested that those desiring to attend should notify Ernest Williams, Association Secretary, San Angelo, for accommodations.

A dance will be given for the visitors on Thursday and Saturday nights and the annual A & M Rodeo will be put on Friday night. This rodeo is sponsored by the Saddle and Sirloln Club and the proceeds are used to defray expenses of the members of the Livestock Judging Team on their trip to the American Royal Livestock Show at Kansas City and the International at Chicago.

Saturday afternoon the visitors will get to see a football game between Texas Christian University and Texas A & M. Sufficient tickets have been set aside and can be obtained after arrival at College Station.

IF ELECTED, HE WILL BE SEATED!

Voting the "split" Ticket is legal in Texas. There is no law, rule or regulation which prevents a qualified voter from voting for any candidate of his choice on November 2. For years, this has been sustained by court decisions and the Attorney General's department. Assert your constitutional right. . . . vote for the candidate of your choice. . . .

Jack Porter Is GOP Nominee For U. S. Senate

EX-DEMOCRAT OPPOSES BOTH NATIONAL PARTIES ON CIVIL RIGHTS ISSUES

Jack Porter, Republican senatorial nominee opposing Lyndon Johnson in the Nov. 2 General Election, is conducting one of the most vigorous campaigns in GOP history in Texas.

Porter, a native Texan and for many years a Democrat, is basing his campaign primarily on opposition of the Civil Rights legislation as proposed by both major parties, and upon the "attempt by the Democrats to confiscate the oil-rich tidelands from the states."

PLATFORM

Other planks in the Porter platform are decentralization of the federal government, eliminating the Communists from the federal payroll, military preparedness and a strong foreign policy, and sound farm and livestock support policies.

The Republican nominee, who is 52, was born on a farm near Weatherford. A veteran of the first World War, Porter is president of a soft drink bottling company in Houston, and is past president of an independent oil producers association.

Will Be Seated

He said, referring to the drawn-out legal battle between Lyndon Johnson and Coke Stevenson, that there would be no question of being seated in the Senate should he win the election.

This is Porter's first political campaign. He expects to visit most of the state before the election, and will make several major radio addresses.

From where I sit ... *by Joe Martin*

Get The Truth!

Called on my good friend "Cappy" Miller, who edits the County Bee, the other day. And hanging up on the wall of Cappy's office is this slogan for his paper:

"Remember there are two sides to every question. Get both sides. Be truthful."

A good slogan . . . not just for a newspaper—for people, too. Because there'll always be two sides to every question: the side of those who vote one way, and those who vote another—the side of those who enjoy a temperate beverage like beer or ale, and of those who swear by nothing but gin and tonics.

And from where I sit, once you got both sides—and faced truthfully, you realize that the differences of opinion are a curious part of what we call democracy—the right of the individual to vote as he believes, to speak his mind, to choose his own brand of moderation, whether beer or cider.

Nourishing Boxed Lunches Are Hard to Resist
(See recipes below)

Lunch Box Magic

WHILE THE YOUNGSTERS struggle with readin', writin' and arithmetic, mother frequently has problems with the lunch boxes. She must fix for the family, and it's a task that takes its own time. The lunch box preparation is a daily grind now that school has started, and it's a wonder that women get into the morning about it. You have to supply refreshment plus an appeal to the family. You supply with their lunch out of a box, so here are a few ideas.

You have several lunches to prepare, have jars of filling ready. Lunch box equipment can be handy on a tray so that you can have to scurry around for paper or a knife while you are making sandwiches in the midst of breakfast preparation and serving.

Have butter or spread out the before so that you can smooth immediately. Fruits can be canned, puddings made in advance, and relishes such as carrot and cucumber sticks and pickles can be wrapped in waxed paper ready to slip in the box in the morning.

KIND to the budget and make

whole thing as simple as possible by making several jars of fillings beforehand so they can be used on the sandwiches easily. Here are several ideas tailored to needs.

Special Sandwich Filling
2 hard-cooked eggs
1 can pimiento
1 small onion
4 stalks celery
Salt and pepper to taste
2 packages cream cheese
2 eggs and pimiento fine. Put in and celery through food chopper. Then mix all ingredients with cream cheese and season to taste. Stand 15 to 20 minutes or longer before using. Thin to spreading consistency with mayonnaise.

Beef-Tomato Filling
1 pint hot tomato pulp, strained
2 tablespoons quick tapioca
1 pound dried beef, ground fine
1 teaspoon pepper
1 teaspoon mustard
Add tapioca to hot tomato and over low flame for 15 minutes. Add cheese gradually and slowly until melted. Remove heat, add beef and season. Cool and store.

Corned Beef Spread
2 cans cooked corned beef
1 cup minced sweet pickle
2 tablespoons mayonnaise
1 teaspoon prepared mustard
1 cup sharp American cheese
Salt and pepper
Mix cheese into tiny pieces and with mayonnaise. Add shredded corned beef and remaining ingredients. These sandwiches can be served up with sliced tomato and lettuce, if desired.

Cheese-Bacon Spread
2 cans cream cheese
1 can Old English cheese
1 cup chopped, cooked bacon
1 teaspoon Worcestershire sauce
1 teaspoon horseradish
1/2 cups milk
Mix all ingredients together.

SAVES: Prove Popular
Weather Cools
Sandwiches are always popular and take but little time to make with a regular toaster, grill or broiler.

Toast can be spread with any of fillings kept on tap, and with pickles, relishes, popovers, carrot sticks, cole slaw, punched with fresh fruit.

If you want a more nourishing lunch, dip it into a french toast and fry in the skillet.

LYNN CHAMBERS' MENU

- Baked Lamb Loaf
- Broiled Peach Halves with Mint Jelly
- Baked Potatoes
- Spinach with Cheese Sauce
- Oatmeal Bread or Muffins
- Baked Apples
- Beverage

Blend ingredients together thoroughly and store until ready to use

- Liver Spread**
- 1/2 pound calves' liver
 - 1 1/2 teaspoons salt
 - 2 cups boiling water
 - 8 slices cooked bacon
 - 1/2 cup soured cream or salad dressing
 - 2 tablespoons prepared mustard
 - 2 tablespoons minced onion
 - Dash of pepper

Simmer liver in salt and water until tender. Cool and put through fine blade on food chopper. Run bacon through chopper. Mix all ingredients, place in jars and chill until used.

HERE ARE OTHER well-liked fillings:

- Frizzled dried beef browned with onion in the skillet, then mixed with cream cheese.
- Peanut butter mixed with orange marmalade.
- Sliced cooked beef roast with chili butter, made by mixing softened butter with chili sauce to taste.
- Chopped ham mixed with mayonnaise and shredded pineapple, drained.
- Grated American cheese mixed with grated raw carrots, grated raw onion and mayonnaise.

USE THESE TRICKS for the lunch box when appetites fail, when there's an exam or some special event.

Meat Pastries (Makes 4)

- 1 cup pastry mix
- 1 cup ground leftover meat
- 1/4 cup tomato soup

Roll out pastry one-eighth inch thick. Cut into four squares. Place a mound of cooked meat on each square. Top with one tablespoon of tomato sauce. Fold pastry squares and pinch edges together. Bake in a hot (400 degree) oven about 20 minutes or until browned. These can be baked if you are making a hot bread in the morning. They are good even when cold and take the place of sandwiches.

Lunch Box Eggs

- 2 hard-cooked eggs
- 1 1/4 inch slice liver sausage
- 1 ounce cream cheese
- 1 tablespoon milk
- 1 teaspoon prepared mustard

Remove shells from eggs and cut in half lengthwise. Remove yolks and mash. Mash liver sausage, blend with cream cheese and milk and egg yolks. Add mustard and blend thoroughly. Refill whites and press eggs together.

Here are other sweets for packed lunches: gingerbread topped with lemon powdered sugar frosting; individual upside down cake made in a custard cup and left in the cup, maple sugar candy, popcorn balls, cookies or puddings.

Released by WNU Features.

Cream cheese mixed with pineapple or orange marmalade, spread on toast, is good when broiled until bubbly.

Canned or cooked tongue, sliced thin, can be spread with pickle relish and toasted.

Salmon and tuna fish salad mixtures make excellent toasted sandwiches. Season the fish salad with horseradish, mayonnaise and salt.

If you don't want young fry or Dad to raid the refrigerator, tuck up menus on the pantry shelf, telling what they can use.

BIBLE COMMENT FOR OCT. 17

A Deeper Respect Of Law Needed to Fulfill Its Purpose

"O HOW I love Thy law," declares the Psalmist in Psalm 119:97.

It would be a remarkable statement, if it were found anywhere else but in the Bible, and on the part of anyone but a devout Israelite. The good citizen, in the most law-abiding community, may have respect for the law. He may obey it scrupulously, or resist it, if he feels any of its provisions to be unjust. But he hardly feels any affection for it.

Why, then, did the devout Israelite profess such a deep and intense affection for the law?

It was because "the law" to the devout Israelite represented the perfect ideal of individual character and of the relations of men to one another. It was the law of God, the expression of God's will, inviting the deepest and highest thoughts and meditations of the sincere, and full of wondrous things (Psalm 119:18).

It was the tragedy of Israel that the law, which to the noblest and the devout was concentrated in the purpose to love God with all the heart, soul, mind, and strength, became corrupted into a multiplicity of rites and observances that had lost any real moral value.

All law, whether of God or of man, is subject to such degradation. Men interpret and pervert the laws of God to their own ends, presuming to attach divine sanction to their own purposes and enactments. The law that ought to be the bulwark of freedom, for the maintenance of human rights and the defense against wrongs, in the hands of dictators and usurpers of power, becomes an instrument of oppression.

The laws of man may fall far short of the law of God as the perfect ideal, but insofar as they represent order, security and protection, we need an increasing vision of what law can be and ought to be. We need a deeper respect for law in fulfilling its purpose.

And insofar as law is a fundamental instrument of democracy, perhaps we need a love of the law, akin to that of the devout Hebrew.

Dr. Cox Warns Of Spreading Colds

Sudden seasonal changes in the weather during the fall months often result in chilling, which in turn is usually followed by widespread incidence of the common cold. This disease always spreads rapidly because of the fact that very few people can live isolated lives and in any group or crowd of people, coughing, sneezing and spitting will scatter millions of cold germs among susceptible persons.

Dr. Geo. W. Cox, state health officer, says that there are countless ways of spreading a cold other than by coughing, sneezing and spitting.

"For instance the doctor said, 'if a member of your family has a cold and the other members share a common drinking glass with him, you may expect the whole family to pick up the germs he leaves on the glass. Sometimes a person with a cold thoughtlessly touches his mouth or nostrils with his hand, and then shakes hands with another person. That person can, and very likely will, contaminate his own mouth or nostrils with his hand, and the germs are transmitted into his system. A child with a cold may contaminate his toys, and the next child that picks them up and plays with them will certainly obtain the cold germs, along with the toys.'

Children, as well as adults, who are suffering from a cold should be put to bed, and if complete rest, light food, and plenty of liquids do not improve his condition in a short time, the family physician should be called. Dr. Cox further advised that dressing properly for the weather, sensible eating, plenty of rest, and avoiding persons with colds can be helpful in preventing your own infection. Colds are costly in time, health, and money, the doctor said, and added, "Prevent them if possible."

Here's Why a
JOHN DEERE HAMMER MILL
is a Better Buy for You!

For better, more economical feed-making, you want a mill that will handle all kinds of feed, for a long time and at a low cost. You get this kind of performance with a John Deere Hammer Mill.
The semi-rigid, step-cut hammers, with sharp cutting edges, cut as they grind--reduce materials faster without slivering. This construction also reduces the resistance of the hammers--resulting in lower power requirements. The small diameter rotor also assures light running. The tough, high-carbon steel rotor shaft is amply strong for your most difficult grinding jobs.
The John Deere's a mill that will soon pay for itself on your farm. Built in 6-, 10-, and 14-inch sizes. See us soon for complete information.

Farm Fires Are Costly...

The Best PROTECTION is PREVENTION

Here are some things to watch in preventing farm fires:

1. Do not smoke in the barn.
2. Do not hang electrical wires on nails.
3. See that your hay is properly cured and stored.
4. Ground lightning rods and all wiring.
5. Have a power circuit for electrical motors.
6. Clean out oily rags and waste from buildings.
7. Consider fire possibilities on your farm and keep them all under control.

He can't duck

A bird can move before you pull the trigger, but a telephone wire can't duck. Last year, 2,500 wires were broken by stray bullets.

That's why we're asking all hunters not to shoot at birds on telephone wires or poles. One stray shot may break several long distance wires and interrupt important calls.

SOUTHWESTERN BELL TELEPHONE CO.

To Whom It May Concern

The following article is used courtesy of the Sabinal Graphic. It appeared two weeks ago in the "Dissertations" column of that publication.

We reprint it in full hoping that local readers will consider the possible implications here.

While this publication's livelihood depends 90% on local merchants' patronage, it has always advocated, in these columns, that citizens of this community are fully justified in buying needed merchandise out of town when purchasing the same item in their own city would mean paying 20 to 30 percent more.

Mr. Layman still advocates that.

He does so because he knows that local merchants can, and do, meet prices of other merchants in other towns—especially those in Uvalde, Hondo, San Antonio and others adjoining this area.

However, before a citizen knows whether or not our local merchants can furnish us the article we want at a price we consider in line with others, it stands to reason that we must first find out what price he or she is asking.

A couple of weeks ago, several ladies made the well trod rounds from business house to business house, collecting money from Sabinal's more than generous merchants, and some private individuals, for the purpose of purchasing material which would be used in making skirts for the local Pep Squad—a laudable plan for which the merchants, and private individuals, donated a sizable amount of cash.

When the material was purchased, however, it was purchased from a Uvalde merchant!

In this case, Mr. Layman does not advocate a citizens going elsewhere to make a purchase. In this case, when the very money used came from the combined donations of local merchants, at least one local merchant should have gotten the business—regardless whether the price was higher or not.

However, to make the tale even sadder, Mr. Layman understands through the publisher who made a thorough check, that not a single one of the six merchants who could have furnished the material was asked for a price. The persons who brought the material did not even attempt to see whether Faye's Shoppe, Sue's, Olsons Variety Store, Fred Peters, B. Marks and Son, or the Modern Dress could furnish the material or what their price would be.

Still sadder is the fact that each and every one of the merchants contacted stated that they would have been more than glad to obtain the material at wholesale. One stated that she could have ordered the skirts ready made, from a manufacturer who specialized in uniforms, and that the cost would have been only \$3.75 per skirt!

Mr. Layman does not believe the material was obtained at cost from Uvalde. Nor does he believe that the skirts are being made cheaper than \$3.75.

It is unfortunate that the incident occurred; however it did occur and cannot be ignored. It is unfortunate because when some other organization needs funds for an equally worthy cause, local business will be hesitant in proffering their usual aid. It cannot be ignored because of the bitterness it caused.

Mr. Layman sincerely believes that there is not a single organization in the township unable to EARN the money they need through dances, cake-walks, selling chances on prizes, etc. Before asking for more donations, let's all see if we can't think of some way to EARN the money we need. It will save much embarrassment in the long run, as well as ill feelings.
